

## **Acts Studies**

### ***Acts 2:1-21 - 'All of them were filled with the Holy Spirit'***

#### **Observation**

1. Read Acts 2:1-21. What do you notice as you read? What questions do you have?

#### **Interpretation**

2. What might be the significance of the wind and the fire that came along with the Holy Spirit? (See Ezekiel 37:9-10,14, John 3:8, and Exodus 19:18)
3. How does Peter's explanation in verses 14-21 help us to understand what is happening in verse 1-13?

#### **Application**

4. Most scholars agree that the 'last days' mentioned in verse 17 began with the arrival of the Holy Spirit at Pentecost and will end when Jesus returns, which means that we are living in the last days today. If this is a time characterized by the presence of God's Spirit, how do we experience him today?
5. How does this account of Pentecost help us to see God, our neighbour or ourselves differently?
